ART of Green Power

Company OverView

Founded in 2000 by Eng. Mohammed Ghiath Habbab, TENAS Factory has established itself as a distinguished manufacturer in the telecom and electrical network industries. We pride ourselves on our unwavering commitment to quality, reflected in our adherence to the ISO 9001:2015 standard across all facets of our operations. With a sprawling 20,000 square meter facility equipped with state-of-the-art machinery and staffed by highly skilled personnel, we consistently deliver superior products and services. Our collaboration with esteemed partners like SEL, Italy, further bolsters our capabilities, allowing us to offer innovative solutions such as Medium Voltage Switchgears. At TENAS, we place a strong emphasis on understanding and meeting the dynamic needs of our customers through close collaboration and continuous improvement initiatives. Through investments in staff training, technological advancements, and adherence to international standards, we remain at the forefront of the telecom and electrical industries, poised for sustained growth and success.

Our Vision

In line with the Kingdom's Vision 2030, we aim to localize production through alliances with international branded companies; to transfer product manufacturing technology to the Kingdom of Saudi Arabia; To contribute to the localization and employment of national competencies and to raise the level of their expertise

Our Mission

Our mission is to find solutions to innovate, develop and produce products locally in the Kingdom of Saudi Arabia with excellence in quality and with latest technical globally capability.

Why Choosing Tenas

In-House Product Manufacturing

01

Due to the constant technological development in the telecommunication network products, Electrical Products & its accessories, we have the ability & agility to create, change or modify any Product to meet such development.

Near by Location Riyadh & Qiddiya

02

Enable Customers to coordinate easer, benefit to a faster development, supply & maintenance of products. that lead to save time, costs and

Quality of Service & Quality Assurance

03

We ensure timely delivery, high-quality products meeting customer specifications, and reliable after-sales support. All products are guaranteed for 12 months from the delivery invoice date.

High
Productivity
Capacity

04

Built on over 20000 m2, occupy more than 200 sophisticated machine and employes 80 people 13 of them are engineers, TENAS Factory teams are able to cover any quantities and deliver it on time.

Technical Support

05

Our technical support team offers a wide range of Knowledge and expertise, With +15 years of experience we feel that your questions could not be in better hands.

QuicK Support

06

We commit to our partners to reply to their business maximum within 24 working hours.

Logistic Support

07

Full logistic support and free of charge delivery to all Kingdomarea

ISO Certificates

CERTIFICATE OF REGISTRATION

INTERCERT hereby certifies that the Quality Management System of

Telecommunications and Electrical Network Accessories Saudi Factory (TENAS)

AL Muzahimiyah 19658-6818, Building No. 2766, Unit No.1, Zip Code 19658 Kingdom of Saudi Arabia

Has been successfully assessed as per the requirements of

ISO 9001:2015

Manufacturing and Fabrication of OSP/FTTX Telecommunication/Electrical High & Low Voltage Enclosures and Accessories. Manufacturing and Fabrication of Low voltage Cabinet (PMT), Low Voltage Pilar Low voltage Panels (Indoor/outdoor), Low Voltage Unit Substation, Low Voltage Current Transformers 20016 to 30015, Cable Lugs Copper & Aluminum, Panel Builder of Dorman Smith Panels.

شهادة تأهيل

تشهد الهيئة العامة للمنشآت الصغيرة والمتوسطة "منشآت" بأن شركة المصنع السعودي لمستلزمات

الشبكه الهاتفيه والكهربائيه

قد استكملت متطلبات التأهيل في خدمة جدير، وقد أعطيت هذه الشهادة بناءً على طلبها دون أدنى مسؤولية.

Products Category

Medium voltage switchgear (Ring Main Unit) RMU

Cable Lug & Connectors

Low Voltage

Current Transformers

Mini Pillar & Meter **Boxs**

Overhead Products

PMT

Out Doors Cabinets

List Of Products

Approved by Saudi electricity company StC

1.Medium voltage switchgear (Ring Main Unit) RMU

- a. Automated Ring Main Unit "ARMU":
- b. Automated Metered Ring Main Unit "AMRMU"
- c. Conventional RMU
- d. Conventional MRMU

TENAS's Medium Voltage switch gear manufacturing is under the license of SEL, Italy as part of localization of manufacturing of RMU in the Kingdom. Available power is: 13.8 KV & 36 KV

RMU

2. Low Voltage

a. Distribution Pillar (Mini Pillar)

TENAS factory offers complete range of the low voltage distribution pillar with steel enclosure. LV pillar are available in four sizes as per SEC specification 31–SDMS-02A Rev 2.1

Mini Pillar

b. Meterbox (single & Double)

TENAS factory offers complete range of the meter box with steel enclosure suitable for the outdoor operation under the service conditions specified in SEC specification 01–SDMS–01.

Meter Boxs

List Of Products

c. Pole Mounted Transformer Cabinet (PMT Cabinet)

TENAS factory offers complete range of the low voltage pole mounted cabinet with steel enclosure. PMT are available in FIVE sizes as per SEC specification 31–SDMS–03A Rev 1.

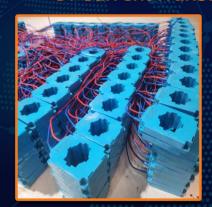

3.Current Transformers CT

A current transformer produces a reduced current accurately proportional to the current in the circuit which is too high to apply directly to metering and protecting instruments. A current transformer isolates the measuring instruments from what may be very high voltage in the monitored circuit. Current transformers are commonly used in metering and protective relays in the electrical power industry.

CT Current Transformer

List Of Products

4.Cable Lug & Connectors: Copper + Aluminum

TENAS factoy offers complete range of cable lugs & connectors (copper /aluminum) for LV& MV electrical distribution line system. These products are manufactured taking into consideration international standards such IEC, DIN, ANSI and comply with Saudi electricity company (SEC) specifications 12–SDMS–02 REV 06.

Cable lugs

5.ODU Cabinets "Tawal Specification

single 42 U & Doubble 84 U

The sturdy construction of TENAS outdoor enclosure and the careful attention to detail meets the installers need for quality and simple installation of components makes this range unbeatable. TENAS cabinet TN-OU004 are designed and manufactured as per TAWAL specification TAW-ODU-GSMV01

Outdoor cabinets

6. Overhead Products

TENAS factory offers complete range of overhead line accessories for LV& MV electrical distribution line system. These products are manufactured taking into consideration international standards such IEC, BS, IS and comply with Saudi electricity Company (SEC) specifications.

TENAS factory offers complete range of cable lugs & connectors (copper /aluminum) for LV& MV electrical distribution line system. These products are manufactured taking into consideration international standards such IEC, DIN, ANSI and comply with Saudi electricity company (SEC) specifications 12–SDMS-02 REV 06.
